

## WHAT I WANT FROM HIGH SCHOOL

**Mary Elks**

**April 20, 2006**

High school is exciting to me. I have been thinking about high school and here are some of the things I want to tell you. My friends are very important to me. I have three good friends, Kristen, Sarah, and Brandon. We have lots of fun together especially when we all go to the mall to shop. I would like to study biology and other sciences, reading, geography, Spanish, cooking, and art.

I really love acting and would like to join Drama club. I have acted in plays before and would like to be in a high school play. I enjoy dancing and have been performing in recitals since I was 5 years old. I can't wait to go to the high school dances. Cheerleading is also something I am interested in.

Basketball, volleyball, and football are games that I enjoy playing and watching. Music is something that I have always enjoyed and I am looking forward to singing in chorus with my friends. I hope that I will learn about how to work in a job in high school. After I graduate, I am interested in being an actress, a TV star, a dancer, a policewoman, a teacher and a saleswoman in a Halloween store. These are areas that I would like to learn more about.

I think high school will be great! I know that I will learn, have fun, and grow a lot. See you in September.
