## ACCESSIBILITY SURVEY

Accessible schools, businesses, and public places are essential to the inclusion of people with mobility and sensory challenges. Part of ensuring the full community inclusion of people with disabilities is informing local officials of the barriers that people with disabilities face at these locations.

As an exercise in Accessibility, choose a location you go to on a regular basis and take this form with you to evaluate its accessibility. A listing of documents to assist with improving accessibility can be found at <u>www.ada.gov</u> or call **1-800-514-0301** and ask to speak to an ADA Specialist.

If you have questions about the rights of people with disabilities, call Disability Rights Nebraska at 1-800-422-6691 or find us online at <u>www.disabilityrightsnebaska.org</u>.

Not				
	PARKING	Yes	No	Not Applicable
1	Is accessible parking available?			
2	Is the accessible parking as close as possible to the entrance?			
3	Is the accessible parking clearly marked?			
4	Is there a curb cut or ramp between the parking space and the building entrance?			
5	Is there a passenger drop off area with a curb cut?			□ Not
	SIDEWALKS / WALKWAYS / RAMPS AND CURB CUTS	Yes	No	Applicable
6	Do the sidewalks leading to the building or event location have curb cuts?			
7	Does the building or event location have ramps or is the access barrier free?			
8	Are there handrails on both sides of the ramp?			
9	Are walkways free of overhangs (80" clearance), objects extending into
